**Save Money Now—Save the Planet for the Future**

**Southern California's Solar Experts for over 40 Years!**

*Family owned and operated business since 1968*

**Start lowering your Gas & Electric bill...today!**

**Stop** rising utility expenses with the power of *Solar Energy*

The costs of heating & cooling have reached record highs, and they're expected to continue soaring.

Consider the benefits of a solar-powered home or business:

- Cap your future energy costs immediately
- Receive rebates from your local utility company
- Federal Tax Credits available through 2008
- Solar Power is exempt from California Property Tax
- Your home actually generates income through Solar Energy!

**Southern California's Solar Experts for over 40 Years!**

*Family owned and operated business since 1968*

Since the first energy crunch of the 1970's, Mediterranean has been the area leader in Los Angeles and the San Fernando Valley in the design and installation of home and commercial solar energy systems. Most likely, some of *your* neighbors are saving money and protecting the environment with one of our energy-efficient products.

*Our solar installation has been a seamless and stress-free process from purchase to coordination with the Department of Water & Power, to installation. It was a very smooth and professional job. Thumbs up to the installers who treated our house as a home and not a jobsite. We enjoy watching our meter run backwards!*

Let the experts of Mediterranean Heating & Air Conditioning design and install an environmentally-friendly solar energy system for your home or business.

Our expertise includes:

- Residential Applications
- Commercial Applications
- Pool Heating Systems
- Domestic Hot Water Systems
- Solar Electric Photovoltaic Systems

*From the first call to the installation, Mediterranean was very professional and very easy to work with. We have been dealing with Mediterranean for many years for our Heating and Air Conditioning, and our new solar canopies have reduced our monthly energy bill substantially.*
